

Dear Parents/ Carers,

## **2022 School Contributions and Charges**

The Western Australian government's priority is to ensure that all students are able to participate in an educational program that satisfies the requirements of the Western Australian Curriculum and Assessment Outline. The School Contributions and Charges schedule guides parents and carers to understand the flexibilities of school fee structures and to determine the estimated total cost of their child's education. Our Contributions and Charges schedule has been set within the amounts allowable under the School Education Act 1999 and has been approved by our steering committee.

### **1. Voluntary Contributions**

Voluntary contributions relate to the monies requested from parents towards the costs of materials and resources used by students within the standard educational programme at Yarralinka Primary School. The total amount of contributions being requested is \$50.00 per a student.

Money collected will be used to supplement school expenditure in areas, such as materials for art and craft, classroom materials, literacy and numeracy resources and science materials. While contributions are voluntary, the quality of the teaching and learning programme will be maximised when each family makes its contribution.

### **2. Other Approved Voluntary Requests**

The attached Contributions and Charges schedule includes other approved voluntary requests (P&C Association Contribution and Library Fund). These are designed to support our P&C Association with their activities, which benefit our students, and help to continue to improve our school library books and resources.

### **3. Charges**

These are amounts paid for participating in specified events, such as excursions and swimming lessons. We hope that all children will participate in these activities, but only those who pay will be able to attend/ participate.

A breakdown of estimated charges for your child's participation in these events has been included on the attached schedule. Students will only incur costs when they are involved in a particular activity. The amount on the schedule represents the maximum charged for scheduled activities in 2021- many classes/ students will not reach that maximum amount.

If you have any queries about our Charges and Contributions schedule please do not hesitate to contact the school.

Yours sincerely

Chris Burgess  
Principal
